

SHOREWOOD HILLS HOMEOWNERS ASSOCIATION

Fireworks and Noise Disturbances

- Michigan state law prohibits the use of commercial grade fireworks at any time. Use of non-commercial grade fireworks is prohibited except for the day before, the day of, and the day after a national holiday. For example, fireworks are permitted July 3rd, July 4th, and July 5th, but not July 2nd or July 6th.
- The personal use of aerial fireworks is strictly prohibited on common Shorewood property (roads, playground, tennis courts, basketball court, meadow) with the exception of the beaches. Fireworks should be aimed out over Lake Michigan to minimize the risk to spectators and the possibility of a fire starting in the dune grass. Fireworks are inherently dangerous, so please do not allow children to handle them.
- Any use of fireworks or loud noises after 10:00 p.m. violates Chikaming Township's noise ordinance and Shorewood's Association Guidelines.
- Please tell your family and guests to honor this policy out of respect for your neighbors and this community and in observance of the law.
- We have discussed this issue with Chikaming Township police. If you have a problem, call the Chikaming Township Police non-emergency dispatch center at 866-630-7679. They will send an officer to Shorewood. Please cooperate with these guidelines so all may enjoy their time in Shorewood.
- Any questions or concerns should be discussed with the Property Manager (269-426-8348).
